

lesson 18

2/4 TIME

$\frac{2}{4}$ = 2 counts in each measure.
Each quarter note (♩) gets one count.

Count: ||

In 2/4 time the 1st count of each measure is accented.

Supply the time signatures for these examples:

1.

2.

3.

4.

Supply the time signatures and add the bar lines for the following:

1.

2.

3.

4.
